THANKS PUBLIC FOR DONATIONS RECENT DRIVE

Mrs. Hugh Henry Brown, in a letter, thanks The Bonanza and the public in general for the support given in the recent drive for funds to save the lives of the starving children of Europe. Mrs. Brown spent a great deal of time arranging the drive and, in fact, it was through her personal interest that the sum collected was so large.

Mrs. Brown's letter follows:

Editor of The Bonanza,

Dear Sir: Permit me to thank you for your unflagging support of the campaign for funds for the afflicted children of Europe. The publicity afforded this movement through the columns of your paper has paved the way for our splendid donation, and I want you to know that your co-operation and response of the townspeople is only a renewed proof of Tonopah's glorious good heart.

I am cordially yours,
MARJORIE M. BROWN.

REPAIRING SMELTER

Work of repairing the Thompson smelter near Wabaska is under way. It is expected that the smelter will resume operations during the early spring. In order to treat custom ores the smelter is to have a reverberatory furnace added to the present equipment. The new ore rates from the north will bring in sulphuric ores which are necessary in the smelting operations at Thompson.

WILD WEST PICTURES SHOWN ALONG RHINE

(By Associated Press.)
KARLSRUHE, Germany, Dec. 29.—Wild west films are prime favorites in the German provincial movie picture theatres. An Arizona picture with an army of cowpunchers, cowboys and Indians is one of the films advertised all along the Rhine and in the cities of Bavaria and Baden.

(By Associated Press.)
PHOENIX, Ariz., Dec. 29.—Arizona is about to reclaim another big desert valley. Eighty-five thousand acres in the Paradise valley are to be brought under irrigation by means of a reclamation project costing approximately \$15,000,000.

Announcement by George Christy, of Phoenix, counsel for the Paradise Verde irrigation district, as the association of landholders is known, that the financing of the project has been arranged in complete detail, has been followed by preliminary engineering work on the reservoir and dam sites. A New York bank, long house has set aside the \$15,000,000 for the project under a contract by which it is to receive bonds of the irrigation district and also is to be the preferred purchaser of electric power developed by the project.

The Paradise valley parallels the Salt River valley, in which Phoenix is located. The Paradise country is north of the Salt River section and is separated from it by the Phoenix range of mountains.

Several hydro-electric power sta-

TWO THIRDS BERRY INDUSTRY JAPANESE CONTROLL

(By Associated Press.)
SAN FRANCISCO, Cal., Dec. 29.—A growers co-operative marketing association with 65 per cent of its members Japanese and the other 35 per cent Americans has proved to be a sufficiently practical organization as far as the berry business is concerned, for virtually all of the members have signed up for three more years, according to officials of the Central California Berry Growers association.

The association, which was formed in 1916, has just completed a canvass of its territory—the counties of Santa Clara, San Mateo, Alameda, Santa Cruz and San Benito—for renewal of contracts.

Five Americans, five Japanese and an eleventh member, appointed by the state market director, who has always chosen an American, constitute the board of directors. The president, vice-president and manager are Americans, while the secretary is a Japanese. The international combination has worked successfully and without friction, according to officials.

All of the labor in the strawberry and raspberry fields is Japanese, according to association reports, although Americans are used to some extent in picking bush berries. Americans, however, own considerable more of the acreage than the membership indicates; as the Japanese confine themselves to patches of an acre or two, while an American patch covers 50 acres.

All of the business of the association is carried on in English except that circulars regarding market conditions, shipping regulations, etc., are printed in both English and Japanese. English is the language at the board meetings. The Japanese directors who speak good English translating for the benefit of others not understanding the tongue well.

ELKS' DANCE TONIGHT

"Tonight is the night that the local Elks will hold one of their winter series of dances. The affair will be strictly informal and will be for members and their ladies only. Lichtenberg's orchestra will be on hand to discourage the latest snappy music. A special invitation is extended to all visiting Elks to attend the big doings.

AMUSEMENTS

WILLIAM FARNUM AT THE BUTLER TODAY

That popular idol of the screen, William Farnum, is coming to the Butler today in "The Orphan," a stirring story of the west, written by Charles E. Mulford. In "The Orphan" Mr. Farnum has one of the most powerful roles of his career, according to advance reports. He is cast as an outlaw hated and feared more violently by the cowpunchers than anyone known to the little town of Ford's Station. It is said that Mr. Farnum puts tremendous dash, vigor and fire into this powerful story of the days of bandits, Indians and stagecoach hold-ups. He appears as The Orphan, a victim of misfortune, who has been accused of committing numerous crimes, the worst of which were not of his doing. How he gains the friendship of the sheriff, who has gone out to capture him and afterwards makes a new start in life, winning the love of a beautiful girl, is told in the development of a plot which, it is declared, never has been surpassed by any in which Mr. Farnum has figured on the screen. Added to the feature will be a Ford Educational Weekly and a Pathe Review. Tomorrow, "The Jack Knife Man," a tale of life on a shanty boat on the Mississippi river, by King Vidor. It is a First National attraction.

Monday, "Something to Think About," the big DeMille production.

IN MOUNTAIN RECESSES

Within 40 miles of Portland, Oregon, a mountain voyager recently discovered three fine waterfalls, each with a drop of more than 100 feet. Although the city can be seen from the spot, it is believed no white man had ever before visited the falls.

CLAIM BUS COMPANY MUST REPAIR CARS

(By Associated Press.)
SAN FRANCISCO, Dec. 29.—Requests that there be a "cessation of frequent breaking of automobile parts" which cause "insufferable delays" to an automobile bus service operated by Charles B. Holbrook in Huntington Park, Los Angeles, were made recently to the state railroad commission here by Holbrook's patrons. The petition of the patrons also asked for a reduction of Holbrook's fare from 10 to 5 cents.

The petitioners said they wanted Holbrook instructed to provide equipment which will give his patrons less jolting and jarring. Necessary tires and springs were suggested as needed purchases for the line.

BUYS 6500 WATCHES FOR HER SUBJECTS

(By Associated Press.)
GENEVA, Switzerland, Dec. 29.—The Begum—princess—of Bhopal India, who bought 4000 silver watches to take back to her people in the central Indian state when she visited Switzerland in 1911, has just sent for another lot of 2500 time pieces. She wants her subjects to be punctual and not rely on the sun for the time of day.

BRITISH OFFICIALS TO ASK TIME ON LOANS

WASHINGTON, D. C., Dec. 29.—A representative of the British treasury probably will reach the country soon, Secretary House said today, to continue in Washington the discussion of exchange notes of the British government held by the United States.
